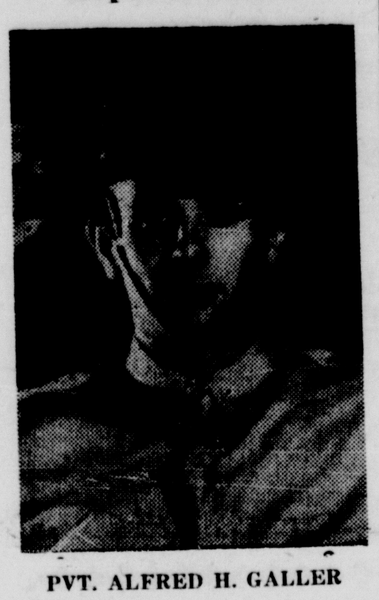
YOEMEN MEET DUCKS HERE FRIDAY

Reported Safe



PVT. ALFRED H. GALLER

Pvt. Alfred H. Galler, one of two brothers of the family in the armed services of the country, and the son of Mr. and Mrs. Frank Galler of Buckholts, is safe in a Japanese prison camp.

A regulation printed message has S|Sgt. Fritz R. Galler when last reporting was stationed at Camp Maxey, Pairis, Texas.
just been received by his parents. Pvt. Galler is held at Camp Hoten, Mukden, Manchoukuo.

Pvt. Galler was among the heroic band of American soldiers taken prisoner on Corregidor Island at the entrance to Manila Bay in the Philippines when General Wainwright surrendered. The message which came this week was the first word the parents had received from their son in two years.

The card message said he was safe and well and doing fine. Pvt. Galler enlisted a volunteer in the army in April 1941, and completed his training at San Diego, Calif. From there he went to the Philippines and was in combat duty when the Japs struck without warning at Pearl Harbor and the following day the Philippines.

Ration Book No. 4 Registration Begins In Texas October 22

The Home Front Pledge Campaign, being conducted nationally by civic organizations and APO War Price and Rationing Boards, will begin October 22nd in Milam county, said announcement today by J. M. Boehner, Publicity Chairman of the local board.

The county campaign will be conducted in conjunction with the Registration for War Ration Book IV, which will be carried through in all schools between October 22nd and 23rd, Mr. Boehner said.

"This will be an 'all-out' campaign to 'hold the line' in the cost of living," said chairman Boehner. "We are out to clean up any black markets and wage an unrelenting war against inflation. Only by wholehearted participation on the part of every consumer, can the price control program succeed. Certainly it is not necessary for me to tell you that this program must succeed. If it does not, our entire national economy will become a shambles and you and I will be the ones to suffer."

Housewives, who may apply for the new books for the entire family unit, must present Ration Book Three to the registrar in order to obtain Book Four. Registrations will be held at school houses throughout the region and nation with the help of teachers, who are donating their services, and other volunteer workers.

The applicants are being abvised to sign up at their nearest school houses, regardless of whether the nearest school is in the same county, since registration records will be transferred to the home county boards of applicants.

OCTOBER IN HISTORY

October 16, 1786—U. S. Mint established at Philadephia.

October 17, 1942—U. S. troops reported in Liberia.

COTTON GINNING REPORT

Census report shows that 22,575 bales of cotton were ginned in Milam county, Texas, from the crop of 1943, prior to October 1, 1943, as compared with 18,364 bales for the crop of 1942.

WARNING!

At one o'clock this morning two pointer bird dogs entered the yard of my home, attacked and critically if not fatally injured an aged silver grey Persian female cat. This cat has never left the yard of my home since she has been under our care for the past 8 years. I have no way knowing to whom these pointer dogs belong, but if they return I shall have no trouble telling to whom they belong, for I will kill them on sight. I do not know anyone in Cameron who owns a pointer dog so cannot be held responsible for not bringing this warning personally to their attention, and take this means of warning them.

Millions of people love dogs, and so do I, but equally there are millions who love other kinds of pets and will not hesitate to protect them. This I fully intend to do hereafter.

The pointers that came to my home no doubt are fine and valuable dogs and highly prized by their owner, or owners. They appeared to be young or semi-young dogs and about equal in size. In the half light I could not see them plainly. I was trying to save our cat.

I sincerely hope I may never be put to the necessity of shooting a man's dog. It would be most painful experience. It is equally, if not more unpleasant to see dogs tear and rend your cat. Please keep your dogs away from our home.

—J. B. WHITE.

YOEMEN POINT TO BIG GAME WITH THE DUCKS

The football spirit was rising today as the Yoemen pointed to the great conference test here Friday night with the Taylor Ducks.

Fresh from an impressive win over the Hearne Eagles the Yoemen know they have the hardest game of the year with Taylor.

Fans throughout the city were pepping up as the game time approached. Not since 1936 has such spirit been shown over the game with Taylor. In that year the Yoemen won 19 to 0.

Coach Dick Young will have his team back in form by Friday. The absence from the back field of Rocky Riddle, tough, fast scat back, put the burden on Torno and Esslinger and both came through in fine fashion against Hearne.

The Yoemen line from end to end is doing the best job of the year right now. But for the stout defensive play the game at Hearne might have been different even though Cameron piled up 20 first downs.

John R. Hays will do the Kearn Tips for the game Friday night. This game is always the most colorful of the year and the stadium will be full. Duck fans follow their team as do the Cameron fans.

Mr. Hays has compiled a ten year record on the two teams. This information will be given to the fans for the first time over the public address system.

The programs have been issued for the game. F. G. Blake of the Coca-Cola Bottling Company, sponsors this program, the best 8 page color program in central Texas and a souvenir worth the saving.

DEFENSE WORKERS TO BE RECRUITED HERE

Men in skilled trades who can qualify for defense jobs and men only semi-skilled are needed in Texas defense plants and recruiting party for the Consolidated Steel Corporation of Orange will be in Cameron Thursday at the Chamber of Commerce.

R. C. Moody, United States Employment Service, located in Temple, will be here to participate in the meeting.

Advertising has been placed in the Cameron papers announcing the visit here of the recruiting party.

A list of the positions open in the ship building division of the great plant in Orange is given. All men who can qualify for these jobs should be at the Chamber of Commerce tomorrow.

Mr. and Mrs. Bruce Lariat visited in Rosebud on Monday.

Pilots The P-39

LIEUT. VAN KENNON

Lt. Van Kennon, United States Army Air Corps, pilots the famous P-39 fighter plane and is now stationed at Thomasville, Georgia.

Lt. Kennon has been in the service for three years. He is a volunteer and transfered from the regular army to the air corps.

Lt. Kennon received his wings at Mission, Texas, and in September of this year was home on a furlough to visit his parents, Mr. and Mrs. A. L. Kennon on Route 2, out of Cameron.

He was transfered to an air base in Florida where he took a course in plane identification and also a radio course. He is now at Thomasville, Georgia.

AMERICANS 100 MILES FROM ROME WEDNESDAY

The American 5th Army under General Mark W. Clark was within 100 miles of Rome Wednesday and battling hard as Allied arms continued the ascendancy which can only bring victory on the field of battle.

In Moscow beyond the Dneiper Allied statesmen sat down for momentous conferences. Whether the Russian conference will bring a second front cannot be known at this time.

The German army defending Rome was falling back hourly and being rushed by the Allies, closing in for the final, decisive battle for the Italian capital.

The Red army was crushing its way forward as the Germans fell back far beyond the line Hitler said must be held.

On the whole the war picture was static. There seemed to be that calm which has preceded all new Allied moves.

With The Marines

PFC. RAYBURN E. BAKER

Pfc. Rayburn E. Baker, with the United States Marines, is stationed at San Francisco and is in the Marine Guard service.

Pfc. Baker has been with the Marines for one year. He is the son of Mr. and Mrs. H. A. Baker of Buckholts, was born and reared there.

A brother, Sgt. H. A. Baker, was killed in service on February 3, 1943. Sgt. Baker was in service with the army of the Northwest Pacific.

Pfc. Baker in choosing the Marines has expressed preference for one of the most active branches of the service. He likes the Marines and is pleased with his work in San Francisco.

Phone 282 any news item you know.

In Signal Corps

PVT. EDWARD R. DODSON

Pvt. Edward R. Dodson is in the Signal Corps of the United States Army and stationed at Camp Kohler in California.

Pvt. Dodson is the son of Mr. and Mrs. Eddie Dodson of 216 West Hart Street in San Antonio and was reared in Cameron. He is one among a growing army of Cameron boys serving their country.

Spending his school days in Cameron he graduated in the class of 1942 and in June of that year moved to San Antonio with his parents and enlisted in the Signal Corps of the Army before he became of draft age.

Pvt. Dodson attended a government Radio School nine months before he was put in uniform. He went to an army base in California for his initial training and is now stationed at Camp Kohler in California.

He wants his friends in Cameron to know he is well pleased with the army and the Signal Corps.

MRS. SARAH SLOAN IS BURIED AT CHRIESMAN

Funeral services for Mrs. Sarah Emma Sloan of Milano, who died in Austin Tuesday morning, October 19, 1943, were held at 2 p. m. Wednesday from the Methodist church in Milano.

Mrs. Sloan was the mother of Mrs John Ryan in Cameron and the wife of R. J. Sloan, pioneer of the Sandy Creek community.

Mrs. Sloan was born February 22, 1870, and before her marriage was Miss Sarah Emma Grabener of Sand Grove. She was born and reared in Milam county. Surviving are her husband, R. J. Sloan, Milano; two daughters, Mrs. John Ryan of Houston; Mrs. D. O. Neill of Bryan; one son G. C. Sloan of Milano. Twelve grand children and two great grand children survive. One son, Walton Sloan, preceded her in death.

The body was conveyed from the Marek-Burns Funeral Home in Cameron to the home of the son, G. C. Sloan in Milano and remained there until the funeral hour Wednesday afternoon.

Funeral services were conducted by Rev. William Shirey of the First Methodist church in Cameron. Interment was made in the cemetery at Chriesman with the Marek-Burns Funeral Home directing arrangements.

Killeen Pops the Belton Tigers by Score of 26 to 12

Killeen, Oct. 15.—The Killeen Kangaroos kept their district record clean here tonight by defeating the Belton Tigers, 26 to 12, in a hotly contested ball game.

The Kangaroos scored a touchdown in every period, Toliver accounting for three of them, Arnold the fourth.

The most spectacular play of the game was a pass play in the third period which Toliver carried 60 yards for a touchdown.

Belton scored both its touchdowns on passes from Potts.

Outstanding for Killeen were Toliver, Aronld and Baker on the offense and Dockery, Locklear, Day and Ed Baker on the defense.

The Potts twins were Belton's standouts.

Elizabeth Gunn, Frank E. Susick, Juanita Gibbs and Marvin Tate visited in Lexington on Sunday.

Lieut. Martin Ruby Gets Air Medal for Air War Exploits

Lieut. Martin Ruby, Jr., grand son of Mr. and Mrs. Henry Ruby of Cameron, has just been given the Air Medal for exploits with a Fortress bomber crew over enemy lines.

Lieut: Ruby is the son of Martin Ruby, Sr., born and reared in Cameron and a brother of Mrs. Bill Alex Bonds. The Waco News-Tribune printed the following story:

The "Belle of the Blue," of which Second Lt. Billy E. Ruby of Waco was co-pilot, had a narrow escape from a large formation of enemy fighter planes which attacked it over the English channel as it returned from the recent England-to-Africa shuttle raid in which Regensburg was bombed.

Lt. Ruby son of Mr. and Mrs. Martin Ruby, and a brother of Lt. Martin Ruby, Jr., former A and M tackle, who is now physical education director in the army air corps at Kelly field, was recently awarded the air medal.

Lt. Ruby graduated from Waco High School, played in the Waco High School band and in the 143rd infantry band, attended John Tarleton college and played football there, enlisted in the army air corps in January, 1941, was one of the first Waco boys to graduate from Blackland army field.

The army has released a story about the adventures of the "Belle of the Blue," quoting Tech Sgt. John A. Richardson, radio operator and gunner on that plane.

The "Belle of the Blue" was flying low across the English channel to conserve its dwindling fuel supply when from 15 to 20 fighters of all kinds struck the formation.

"We were at 11,000 feet, coming off exygen and just about ready to take it easy when the fighters came in on our left," Sgt. Richardson said. "As I rushed to get to my guns three Me-109's came out of the sun and dove at us. The .20 mm shells tore through the top of the waist gunner's interphone jack box. The other shell cut all the wires but two, and left our bomber with only its emergency transmitter working."

The top gunner, Tech Sgt. Joe A. McLavish, 32, of Lawton, Okla., and Sgt. Richardson started repairing the wiring and got the interphone system working when the waist gunners S|Sgt. John D. Safford, 22, of 45 Lexington road, West Hartford, Conn., and Robert R. Lopiano, 21, of 153 Park Ave., Rochester, N. Y.. called to warn of another impending attack.

"When I heard fighters," Sgt. Richardson said, "I got back to my gun, but the top turret was already firing, McLavish moved so fast."

The fighters, including Messerschmitts, Focke Wulfs, JU 88 fighter-bombers and even one unidentified four-engined German plane, kept up the atack for 50 miles. The pilot, First Lt. William L. Swope, 27, of Winchester, Ky., did not call for a distress signal, but his operator was ready to send out on his emergency transmitter, even though he could not receive messages.

Attorney General Gerald C. Mann to Run For Governor

Attorney General Gerald C. Mann will be a candidate for governor in 1944, he indicated Friday in a statement criticising Governor Coke R. Stevenson.

Governor Stevenson on Wednesday indicated he would also be a candidate.

Mann said that Governor Stevenson had been critical of the Roosevelt administration and by this indicated he may make an issue of it in the primaries. Roosevelt has been defeated in Texas twice. He backed Lyndon Johnson and James V. Allred.

OCTOBER IN HISTORY

October 14, 1942—Japs shelled marines, landed 11,000 on Guadalcanal; Secretary of War Stimson pledged Army of 7,500,000 by 1943; Wendell Willkie reported to President on world tour.

First Class Seaman, Thomas Brashear has wired his parents that he has been transferred to Duke University, where he will enter Officers training.

LAST HOME GAME OF SEASON FOR YOEMEN

Cameron's most colorful event of the year—the annual football game between the Yoemen and the Taylor Ducks to be played here Friday night October 22, was expected to bring a capacity crowd. . . . . .

While gasoline and tire ration has required fans to comply with government regulations, other means of transportation have helped to keep attendance at normal levels at football games.

The Athletic Council here has made extra efforts to advertise this game and on Thursday a half page advertisement appeared in the Daily Herald. Much interest attaches to this game because from it will emerge the Conference champions, if it can be assumed that the Yoemen have such a chance. Both the Ducks and the Yoemen have won conference games. The Killeen Kangaroos have also won and based on showing thus far the Kangaroos have a better team than the Yoemen.

Coach Dick Young hopes to have all his men back in line. Rocky Riddle, scat back, was out of the Hearne game because of an injured nose. The Yoemen line play has improved greatly and the boys in the line showed the fans some fancy and plain, rugged play against the Hearne Eagles.

Taylor, on the face of things, has the better chance to win this game. It will be no easy matter. The Ducks got away with the pelt of the Belton Tigers just 14 to 0. They outplayed the Tigers aud outscored them but the Yoemen will be on their home grounds.

If the Yoemen defeat Taylor they have but one hard game ahead. That would be with Killeen at Killeen on October 29.

The support spirit has been noticably good. There is enthusiasm among the student body at Yoe High School and the fans are also sensing that something big is in the air.

The Yoemen have not fared well against the Ducks during the past few years. The all time conference record of these teams will be read over the public address system Friday night by John R. Hays, Postmaster,

Supper at Burlington Sunday Evening

The Altar Society of St. Michael's church in Burlington will give a supper Sunday evening, October 24th.

This supper is a benefit entertainment, one of the occasions for which the community is justly celebrated.

The women of the Parish are preparing the supper and a large crowd is expected. The public is invited.

In The Air Corps

PVT. J. K. ELLIOTT

Pvt. J. K. Elliott is one among the great army of men who "keep 'em flying" for he is a ground mechanic in the Army Air Corps.

Pvt. Elliott was inducted into service on November 9, 1942, and is now in India with the army air forces.

When he first reported for duty he went to Fort Sam Houston and then to Keesler Field, Miss. He later served in Idaho and in Wyoming before going to the far east.

Pvt. Elliott who likes the army fine, is the son of N. M. Elliott. He was born and reared in Cameron and is 21 years of age. A brother is in the service and stationed in Dallas.

Alvin Dusek and Gladys Crossland Married In Austin Sunday; Bride Baylor College Faculty Member; Groom Local Business Man

Alvin Dusek, Cameron druggist and widely known business man, and Miss Gladys Crossland, member of the faculty at Mary Hardin-Baylor College, were married in Austin Sunday, October 17, 1943.

The wedding plans were known only to a few close friends and relatives. Franklin Dusek, brother of the groom, said the marriage took place in Austin but details were not available.

The bride was born and reared in Texas, her home at Nacogodoches. She had been a member of the faculty at Mary Hardin-Baylor College, teaching mathematics, it was understood here. She has a number of friends in Cameron who will be pleased to know of her marriage to Mr. Dusek.

Mr. Dusek was born and reared in Cameron. He began his business career in the drug store which he now owns jointly with his brother, Franklin Dusek and is known as Dusek Pharmacy. As a young man he worked for Avera's Drug Store and later for Avera & Read. He graduated from a Pharmacy school and become a Prescription Druggist. At the time of the purchase of the Read Drug Store he was employed there.

Since they entered business they have prospered and in late years have made land investments, owning a number of fine farms besides other interests.

Mr. Dusek, civic leader, has played a prominent part in the progress of Cameron during the past decade and more. Friends here were happy over news of the wedding. It was understood they will be absent from the city for several days on a wedding trip and will make their home here.

DRAFT DELINQUENTS ARE WARNED BY PAGE

Moving to close in on "draft dodgers," Selective Service regulations have been amended to provide for the immediate induction or prosecution of men 18 through 44 who become or remain delinquent on or after Nov. 1st, it was announced today by State Direcor, General J. Watt Page.

"The continuing manpower of the armed forces and the manpower needs of war production and agriculture, plus, fairness to men already serving in the armed forces and to men, including fathers, who will soon be inducted, make it imperative that every man acceptable to the armed forces, who knowingly becomes delinquent, should be promptly made available for service in the armed forces or prosecuted under the terms of the law," General Page said.

The new regulations provide (1) for the prompt classification into Class 1-A, Class 1-A-O, or Class IV-E without reference to sequence of order number or dependency groups, of all delinquent registrants 18 through 44; local board to which he reports or before which he is brought after apprehension; (3) for the registration of a non-registrant delinquent and his classification and induction by ANY local board before which he is brought or to which he voluntarily reports; and (4) for the correlation of actions concerning delinquents among all Selective Service agencies and United States Attorneys.

General Page pointed out that no man is relieved from complying with the Selective Service law during the time he is in custody, confinement or imprisonment, and that immediately upon his release from such confinement he must advise his local board of the fact and perform the duties and be accorded the rights of all registrants. This obligation, he said, applies equally to a man confined for a violation of the Selective Service law and to a man confined for any other cause.

In a great many instances, General Page said, cases of delinquency in- (2) that all delinquent registrants 18 through 37 so classifed shall be immediately ordered to report for induction or for work of national importance, as the case may be, by ANY vestigated by the Department of Justice have been due to carelessness of registrants concerning their duty to keep their local boards advised of changes of address. If a registrant has failed in this obligation, then he is suspected of delinquincy and has been or will be classified as a delinquent. He warned that any registrant who is not absolutely certain that his current address is on record with his local board, or that his whereabouts are known to the "person who will always know," as shown on his Registration Card, should immediately communicate with his own local board and keep that board advised of all future changes of address.

General Page also cautioned every person required to register under the Selective Service Act to have in his personal possession at all times both his Registration Card and his current Notice of Classification. If a registrant has lost his Classification Notice, he should immediately make application to his local board for the issuance of a duplicate.

GERMAN ARMS FOLDING ON MAJOR WAR FRONTS

German arms were folding up Tuesday on the major war fronts.

Facing a major disaster on the Russian front the armies of Hitler, once invincible only because they faced little opposition, have found the impossible to accomplish. Russian man power and Russian winter have made the defeat of Germany inevitable.

Down on the leg of Italy a vigorous new army, rising in power every hour, has finally cleared all Germans from the Volturno basin, their first defeat since the invasion of the continent.

The Red army was storming the approaches to Kiev and Gomel. The Germans admit wholesale retreat though there was no suggestion of disorder.

Over in the South Pacific the Japs were faring so badly that the balance of air power has been tilted to our side. The Japs lost 104 planes Sunday and we lost 2.

The offensive against Germany in the air has been resumed. Increased activity in Burma by air indicates that a new theatre of war may be opened to retake Burma and open the Burma road.

In Moscow this morning the first meeting between Joseph Stalin, Red dictator; Cordell Hull, the American Secretary of State, and Anthony Eden, British Foreign Minister, took place. Foreign Commisar, Molotov, was also present.

If Russia talks a second front and nothing elese significant developments may come soon in the war.

MEXICAN SUPPER

Fred Reno, proprietor of the Palace of Sweets in Cameron entertained his employees with a Mexican supper, Monday night at El Tampico in Rosebud. Guests were Mrs. Fred Reno, Mr. and Mrs. Von Jenness and daughter, Mrs. Carrie Lou Short, Misses La Vaun Glaser, Agnes Weems, Willie B. and Patsy Eliott, and Ruth Hawkins. They reported the food good and all had a wonderful time.

Soldier Writes His Appreciation for Home Courtesy Here

Soldier hospitality in Cameron is paying off in dividends of appreciation from the men who enpoy homes here. The following letter has just been received from Pvt. Sam Tolesano and was written in Cameron at the USO building, speaks volumes for the good deed of Mr. and Mrs. J. H. Sapp:

"I just wanted to write this letter of thanks for the nice way you treated me. It is something I'll never forget for it was the true spirit of the good old days back in the 19th Century which I thought had died and faded away, but to my surprise I was mistaken. I hope you don't think it rude of me for writing to show my appreciation for the way you took me in and fed me. I surely do appreciate it a great deal. Also for the invitation you have extended to me. If you don't mind I would like to write in advance and let you know the next time I would visit the fair City of Cameron so you can reserve me a room. I surely had a great time and it has changed my opinion of Texas a great deal. So until I again come to Cameron and pay my respects I'll close my letter of gratitude."

CARD OF THANKS

We deeply appreciate and thank everyone who contributed to us in our recent loss by fire in Rogers, destroying our household goods. May God richly bless each one.

Mrs. Elmer Pearson has returned from a visit with her husband, who is in the Station Hospital at Camp Gruber, Okla. Pfc. and Mrs. Pearson were married in June of this year. After a visit to Salt Lake City, Utah, to see his parents, they returned to Camp Gruber, Okla. Mrs. Pearson will be remembered as the former Miss Mary Alta Angell.

NATION SKEPTICAL OF WELCOME TO ITALIANS

The people of America are skeptical of the welcome to comradship the Italians, it was deducted from a digest of reports Thursday.

In Washington commentators said the Capital received the news with mixed reaction. Roosevelt, Churchill and Stalin agreed to take the Italians in as co-belligerants. They perhaps knew what the country would think so there has been a noticable rush to explain that the Italians are not United Nations equals.

The truth is the Italians will work out of their difficulties by playing the Democracies for suckers, which we are, and escape all punishment for their crimes against the peoples of the world.

The fighting in Italy was being done by the Americans and British with Canadians and a few Australians.

Progress was slow. The Germans were apparently making a last ditch stand before Rome.

News told of new successes against the Japs in the air over New Guiena.

The Reds are approaching both Gomel and Kiev. The Crimea will soon be free of Germans.

BIRTHDAY DINNER

Mr. and Mrs. Harvey Chamberlain were hostesses to a birthday dinner for her mother, Mrs. Emma Butts, Sunday, Oct. 18. Those present were the honoree, and her daughters, Mrs. Dick Houston of Houston, Mrs. Lucille Erwin of Austin and her husband, Sgt. Hollis Erwin of Camp Hood; Mrs. E. L. Butts, her daughter Mrs. Frances Lawrence and her small son Buddie, of Borger; Joe Amos of Houston and Pfc. Dale Hupple of San Antonio, formerly of Camp Hood. A good chicken dinner was served with all accessories. The honoree received many beautiful and useful gifts, and greetings from the many soldier boys from over the state and out, who enjoyed the home life afforded them by Mrs. Emma Butts, while they were week end guests here from Camp Hood and other places.

Mrs. J. C. Risinger and son James of Uvalde, have been visiting in the home of Mrs. Otto Zotz. She is the mother of Mrs. Oscar Zotz.

Miss Dorothy Porter, H. D. Agent and Miss Lucille Cook, attended the meeting of 4-H Clubs in Austin last week.

Sgt and Mrs. Oscar Zotz are the proud parents of baby girl born Oct. 13, 1943, at the Newton Memorial Hospital The father is stationed at Great Bend, Kansas and is expected home within the next few days.

Mrs. Howard Harold Haney and daughter, Viva Lynn of Cameron are to leave for East Texas this week for a short visit with Mr. and Mrs. W. F. Haney. Mrs. Haney is the former Miss Mavies Evelyn Bale.

Machines of War Feed on Oil

For days the General Staff had been making plans for the invasion . . . All branches of land, sea and air had been put in readiness; the timing of all movements carefully coordinated . . . Then came the Big Moment in the grey of early dawn . . . Paratroops dropped behind the lines, Navy big guns and dive bombers blasted shore defenses, wave after wave of infantry scrambled ashore to establish beach heads—and right on their heels came tanks and jeeps and trucks with food, ammunition and OIL.

NO MATTER how fast a mechanized army can move, it cannot out-distance its supply lines; for to fight, a soldier must have food, his guns must have ammunition, his machines must have OIL.

By devious routes and in many shapes and forms oil finds its way into the smooth operation of every department of our armed forces, even to toluene for T. N. T. (see partial list below).

Yes, Oil is vital to victory, and to victory the best efforts of 13,000 Humble employees are dedicated. Their goal is to produce from petroleum the growing demand of the Army and the Navy for the finest fuels, lubricants and synthetics.

These products are made available for war and industry through leadership in petroleum research, the same research which produces Esso and Humble gasolines, Esso, 997 and Velvet Motor Oils for your car and truck.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Univis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants, Synthetic Rubber for military uses. **FOR THE MACHINES OF INDUSTRY:** Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. **FOR YOUR CAR:** Products and service to help you care for your car for your country.

Have a Coca-Cola = Here's tae us

. . . or how to build friendship in Scotland

Toasting a new acquaintance, the friendly Scotsman says, *Here's tae us.* The American fighting man responds, *Have a "Coke"*, and a new friendship is sealed . . . in Dundee as in Dallas. Around the globe Coca-Cola stands for *the pause that refreshes*—has become the symbol of the friendly-minded.

COCA-COLA BOTTLING COMPANY, Cameron

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Former Sheriff Here Is Critically Ill

R. M. Kennedy, former Sheriff of Milam county, was reported here Wednesday by friends to be critically ill at a western hospital.

Mr. Kennedy went away some time ago for treatment for a lung infection and it was understood was growing steadily worse. Friends here hope later news may report him improved.

Mr. Kennedy came to the office of sheriff from the office of Constable in Precinct 7. He defeated the late L. L. Blaylock and served three terms in office, and was defeated by a close vote in 1940 by Valter White.

Miss Pherrol McElwrath of Fort Worth, who has been in El Paso for the past two weeks visiting Lt. Norris Brady has arrived in Cameron to spend a week with Gloria Halberdier. While here they will visit friends in Temple.

The nation's coal supplies were in jeopardy Saturday as industrial politics obscured the second front fighting in Washington.

With many thousands of miners out on strike because they have no contract other thousands were due to follow as the Labor Relations Board entertained John L. Lewis.

Harold Ickes, secretary of the Interior, has turned the mines back to their owners. The miners have said all along they will not work without a contract. As it looked Saturday the government may soon be held in breach of faith unless the contract is forthcoming.

The coal strike has been a sort of chess board on which public sentiment has been alternately appeased and flaunted. There has, however been no action of any kind calculated to disclose how fare the people and those who fight abroad.

STOP! Does not mean go ahead.

Ed Onstott left Wednesday for Dallas where he will be inducted into the Army Thursday.

Mr. and Mrs. Homer Chambers and baby of Grand Prairie visited his mother, Mrs. Maudie Chambers, this week.

Mrs. Gene Smith is now in the Newton Memorial Hospital with a couple of injured ribbs. Everyone will be sorry to hear this and hope that she can be at home soon.

Bryan Floyd from Maysfield, who has been in the Newton Memorial Hospital with a broken knee went home Monday much improved.

Mr. and Mrs. James Fikes of Houston were visitors in Cameron over the week end, in the home of her mother.

Miss Clarice Shrader, P. E. teacher of Ada Henderson School is very ill and has been out of school for the past week.

Methodist Church Requests Return of Rev. Pool to Cameron

The leaders from the Methodist Churches of Cameron, Minerva, Maysfield, Ben Arnold, Salem, Liberty, Buckholts, Friendship, Tracy and Davilla met in Cameron last Sunday afternoon. Cameron reported progress all along the line with all finance paid in full except the last month. The other churches had good reports with all finance paid in full for the year except small balances for two places.

Upon recommendation of the Board of Stewards the Conference increased the Cameron pastor's salary by 10 per cent and requested his return for another year. The rural Churches as a whole are elated over the year's work and wish for both Bro. Pool and Bro. Shirey to be continued in the work.

Sunday, October 24th. Rev. Poo. will preach at Cameron at 10:55 a. m. and 8 p. m. and at Ben Arnold at 9:30 a. m. and Liberty at 3 p. m. Bro. Shirey will be at Tracy Saturday night and Sunday morning and night, and at Davilla Sunday afternoon.

All Sunday Schools will meet Sunday as usual. Cameron has on a special effort to build up attendance and will have a pep meeting in charge of E. C. Cole, Assistant Superintendent, at 10:25 a. m. The young people at Cameron, Maysfield and Minerva will have their regular meetings Sunday evening in their own churches. The Young People of the Blue Bonnet Union had a fine meeting at Minerva last Tuesday night. They will meet next time at Rockdale on the 4th Tuesday night in November.

Cameron Board of Stewards will meet next Monday night to finish financial reports for the year.

Pfc. Peter Kalanich of Camp Hood visited in the home of Mr. and Mrs. M. E. Weems on Tuesday.

"Fury" Stars Chas. Starrett

Action fans are going to get a chance to thrill to the thunderous roar of galloping hoofs on October 22 when Columbia's newest action-blazing western, "Frontier Fury" opens at the Milam Theatre. With Charles Starrett cast in the leading role, the "hoss opry" is said to be a real old-fashinoed blood-tingling drama of the west.

Six-guns and red-skins ride as Starrett lines up with a tribe of faithful Indians in a battle to the finish against ruthless outlaws. The story starts when a stage-coach winding its way along the tortuous Kansas trails is held up and robbed. One of Starrett's Indian friends is killed in the battle and Starrett vows revenge.

However, just when he is ready to trap the leader of the bandits, some of the outlaws doublecross Starrett and the Government man is captured. Roma Aldrich, in the role of the outlaw's girl friend, suddenly undergoes a change of heart and notifies Starrett's friends of his difficulties. In a pitched battle, that should be one of the thrillers of the seacon. Starrett and his men succeed in turning the tables and capture the entire bandit gang.

Battle of the Atlantic

A sinking smokestack, a great air bubbie, an empty lifeboat, all that is visible of a torpedoed tanker, all that is evident of the hard work, the savings we put into War Bonds to build this tanker, to load it with 50,000 gallons of high octane gas.

Our money is still safe but the tanker is lost forever. Another and another and another must be built to take its place.

The men who sail the seas are giving their lives to win the Battle of the Atlantic. We are asked only to lend our money.

BIG DEMAND AGAIN ON HATCHERIES PREDICTED

Rush business that hatcheries had last season will probably be repeated this coming season, reported D. E. Hine, Agriculture teacher at Buckholts. To avoid difficulty in securing the number and quality of chicks desired, the poultry man should make his orders as far ahead of delivery date as possible.

Before making an order a few precautions that may largely determine the success of a proposed poultry enterprise should be observed very carefully, said Mr. Hine.

First, buy chicks as close to home as possible. If the kind or breed of chicks wanted cannot be secured in this locality, try not to go outside the state to make the purchase. The kind of poultry that will do best on the farms in this area can be found in Texas, continued Mr. Hine.

Some causes for baby chick losses can be completely eliminated by proper buying. For example, no chicks should be lost from pullorm disease Chicks should be bought from flocks that have been properly tested for this disease under an effective private testing program or under the National Poultry Improvement Plan.

Most hatcheries have strict minimum qualifications that they meet before chicks are sold. Nevertheless, a buyer should check his source of chicks closely in order to insure the delivery of quality birds.

Midget Daily Gets New Press; 12x18 Unit Is Installed

The Midget Daily has a new press a 12-x18 production unit which has been installed.

The new unit may be put into operation sometime next week as there is considerable difficulty obtaining the services of mechanics and electricians.

This press was purchased from the American Typefounders Sales Corporation. The Midget Daily will be a larger size than at present and this will enable the publishers to carry more advertising and news matter.

"Courage" Stars Oberon and Aherne As Heroic Lovers

The dramatic story of a courageous woman who marries within the enemy's gates in order to save her country, even though her heart was with her brave young Commando, is promised patrons of the Cameron Theatre, when "First Comes Courage," a Columbia picture co-starring Merle Oberon and Brian Aherne, opens here on Thursday, October 21. It is said to be a powerful theme, woven into a back ground of romance, interigue and action.

Miss Oberon and Mr. Aherne, in the leading role, portray lovers who are forced to put their personal lives aside for the exigencies of war, snatching brief moments together when duty to country permits. She is a woman of high birth in a conquered town in Norway, he is British Commando Captain. They had loved before the war—a love interrupted by the world conflict.

Hated by her townspeople, who suspect her of being a Quisling, the girl is, in reality, an important member of the Norwegian underground. She pretends to be in love with the Major of the German garrison in order to get vital information which she passes through the underground to London. When the Nazi begins to suspect her, her true love the Commando, is sent to her little Norweigan village to dispose of the Major.

The lovers meet again, and the final scenes of their escape from the Germans during a big Commando raid, are said to reach a new high in film drama.

Mr. and Mrs. W. T. Caldwell were in Cameron late Monday on their way back to North Camp Hood where he is employed with the Post Engineers. Their son, Douglas Caldwell, enlisted in the navy and left Houston Monday for his assignment to duty. Another son, Dan Caldwell, is at an army school in Boston. Lt. Wilma T. Caldwell, combat pilot with the 8th Air Forces in England was killed in action on August 22nd.

Mrs. W. A. Allday has returned to her country home near Cameron after a two weeks visit with her son and daughter, Lt. and Mrs. Melvin Allday of Midland.

Water Camel

Thirst is one enemy of armies and navies that may be frustrated by a generous supply of water. Typhus, another dreaded plague is another enemy that must be subdued in Africa, in the jungle islands of the Pacific.

So the "Lister Bag," more often called the "water camel," or just "camel," is used. The "Lister Bag" is a khaki colored canvas bag having a capacity of about 30 gallons.

It will require many War Bonds to provide enough "camels" for our fighting forces at home and abroad. Yours too! "Back the attack with War Bonds." *U. S. Treasury Department*

Lieut. Sam Oliver At Columbus Base is Flying the Fortress

Lt. Sam Oliver, formerly of Buckhalts, is now stationed at the Lockbourne Air Base at Columbus, Ohio, and has made considerable progress in flying the B-17 Flying Fortress.

Lt. Oliver spent much of his early days in the air corps as an instructor in the west. Information concerning his present work came in a letter to F. G. Blaks of the Coca-Cola Bottling Company. Lt. Oliver reads the Herald each week.

In his letter to Mr. Blake he says he has 55 hours in the air with the B-17. He indicates that his stay at Columbus is about over and his next destination unknown. He has been a pilot for many months, a crack flyer and friends here will always receive with interest any news regarding his work.

GERMANS RETREAT IN THE BATTLE FOR ROME

The Germans are retreating in the battle for Rome.

When General Clark's Fifth Army crossed the Volturno River and broke the Nazi line the Germans were forced to retreat and there was every indication that the battle now in progress would prove an early defeat for the Germans who have no more than 90,000 men in the theatre.

American air forces have sustained heavy losses in the raid on northern Germany. Sixty of the flying fortress bombers were shot down and the loss was some 600 flying personnel.

The Americans destroyed 105 German ships of the air.

The Russians continue to hammer away at the Germans around Kiev and a noon broadcast said that city had been invested by the Red Army.

In Washington where we have the "second front" the Administration was puzzled by what seemed to be a measure of independence in Congress The Senate finance committee has voted 16 to 10 to prohibit the use of Tax Money to stop the increase in food prices.

Subsidies will not be paid if the Committee can help it. The use of subsidies to keep down prices has been debated in Congress for some time.

By all means, let 'em eat cake ....and candy, too

Nature has her own way of telling us that there is energy in sweets. Today, corn syrup, rich in dextrose, is playing a more important role than ever before in supplying active America with the sugar that gives power to the body and keeps wits sharp.

Candy is part of the field ration and sweets are served generously to our armed forces everywhere. Sweets served in war plants have greatly stepped up human energy and production.

Tremendous quantities of corn syrup are used to make icings, cookies, cakes, candies and pies so temptingly good—and good for you.

Immense amounts of corn syrup for the army as well as for civilian consumption are produced by the Home of Budweiser. Our Corn Products Division—working entirely apart from the brewery—grew out of the experience that developed from years of laboratory research. The quest for better methods and facilities for brewing the world's most popular beer never ceases.

Things We Want To Say

"THE MOST DESPICABLE . . . "

One stormy night in Cleveland last winter a motorist picked up a stranger, was amazed to hear the rider babble of mysterious doings in the war plant where he worked. The motorist told the FBI, which quietly began investigating one of the country's biggest makers of aluminum castings for war planes, tanks and ships— the National Bronze and Aluminum Foundry Co. The FBI's findings caused a grand jury to issue the first indictments against U. S. businessmen under the World War 1 Sabotage Act.

Indicted: National Bronze's bespectacled, mustached President John L. Schmeller; his brother, Frank, general manager; another brother. Edward, chief metallurgist; four other top company officials, and the company itself. The charge: conspiracy to defraud the U. S. by selling defective castings to the Packard Motor Car Co., for use in Rolls-Royce air plane motors. The Schmellers and the others were ousted from the company and tried last week in Cleveland's Federal Court. There, more than 100 witnesses minutely detailed the plot against the U. S.

The Plot. Witnesses testified. when defective castings were rejected by Packard, National Bronze plugged and welded the holes and cracks in a secret welding room, the dirty work guarded by a special alarm system to warn the welders when Packard officials and air-force inspectors visited the plant. When suspicious Packard officials rejected $130,000 worth of castings and ordered them scrapped— after repeated warnings to National Bronze that defective parts would kill U. S. flyers—the company patched up the parts, changed the serial numbers and shipped them back to Packard as new parts. Some of the castings were so weak they fell apart when touched. The trial brought out greed as the reason for the plot. National Bronze got $2.70 a lb. for accepted castings vs. only 15c a lb. for those scrapped.

After pondering this a jury convicted the Schmellers, dismissed charges against the company and the others. Five days later, Judge Emerich B. Freed handed out thumping sentences to each of the Cchmellers: 10 years in jail, $10,000 fines. Commented the Cleveland Press: "The crime . . . is one of the most despicable that can be committed in time of war."—Time.

Ration Board Makes Co-Operation Plea; To Close at 4 p. m.

F. L. Gregory of the Milam County War Price and Rationing Board, has issued the following appeal to the people for co-operation in the matter of handling the great volume of work now fallen upon the office force due to renewals of ration books:

This is to advise that the Milam County War Price and Ration Board will be open to the general public from 9:00 a. m. to 4:00 p. m. due to the heavy work load and responsibility of accounting for serial numbered documents and ration books. Please do not come to the office asking about your gas ration books, food book, tire, boot, shoe and stove certificates. They will be mailed to you when approved by the board.

By coming to the offfice it only takes up time of clerks that otherwise would be getting your book and others in the mail.

On behalf of the rationing board members and entire office personnel, I want to thank the general public for their continued co-operation.

YOEMEN CLIP EAGLES IN LOW SCORE TILT

The score does not indicate how roundly the Yoemen clipped the Hearne Eagles Friday night. The tally was 13 to 6 but might have been much more had the Yoemen felt sufficiently interested to hike the count.

The game got under way with a bang. Hearne kicked to the Yoemen and Torno who did just about everything to the Eagles, took the ball on a nice run back and on the first play ripped off 20 yards to put the ball deep in Hearne territory. The Eagles held however and the ball was kicked out.

Late in first quarter Torno aided by some fine line play marched to the Eagle goal where he went over and kicked goal. The second quarter was scoreless but the Yoemen piled up 20 first downs during the night while the Eagles could get but 2.

Late in the third quarter the Eagles got a touchdown on a trick which had all the ear marks of a breach of the rules. As the Eagles came out of their huddle the center rushed to the waiting ball and passed it so that the entire team was in motion before the ball was snapped and the Hearne left end was sweeping 20 yards away before ordinarily the ball could have been put in play. He raced 40 yards for the score. Coach Dick Young, outraged, rushed to the referee to protest but it seemed doubtful if the officials knew what to say. The score was allowed. The rules say a team must get into position before the ball is snapped and any lineman in motion is an offside and any back field man in improper motion is penalty producing error.

The Eagles tried to pass for the extra point but failed. The score stood 7 to 6 and the Yoemen went to work.

Torno carrying on every play again behind that fine line, marched 30 yards to the Eagles goal then skirted the Hearne right end and went over standing up. He missed the extra point.

With but two minutes left to play the Eagles tried desperately to pass but failed. Torno intercepted an Eagle heave and ran it well into Hearne territory and the game ended two plays later.

The Eagles while badly outplayed were able to stage some stout defensive play, turning the Yoemen back several times when a score seemed imminent.

Next Friday night the Yoemen take on the Taylor Ducks here. It will be a gala occasion and the last home game of the season.

Friends of Mrs. Bill Storey will be glad to know that she has returned home from the Newton Memorial Hospital much improved.

Daughter is Born to Capt. Gillis and Wife At Camp Rucker, Ala.

Capt. and Mrs. William G. Gillis are the proud parents of a baby girl born at the Station Hospital at Camp Rucker, Ala.

News of the birth of the baby girl was received in Cameron Sunday when Capt. Gillis telephoned his father and mother, Judge and Mrs. Graham Gillis. The baby was born Sunday(October 17.

Capt. Gillis is stationed at Camp Rucker and has just been assigned to a Battalion of infantry. Mrs. Gillis will leave Cameron on October 26th to visit her son and daughter in law.

Mrs. Gillis, the mother of the baby girl, was born and reared at Junction, where her father was a law partner with Governor Coke R. Steveson Later she was secretary to Governor Stevenson in the governor's offices at Austin and before her marriage was Miss Lenore Riley.

Capt. Giliis, a West Point graduate, is also a former student of Schreiner Institute at Kerrville. At West Point he was Captain of the Army football team in his Senior year and after graduation was married at Junction. He was assigned to duty at Fort Sam Houston and later was at Camp Roberts, Calif., where he was an instructor training officers. He served at Fort Benning, Ga., also as an instructor training officers.

Capt Gillis was recently assigned to duties at Camp Rucker, Alabama, and it was understood may now be with a combat unit.

Dependable **POWER** *to Care for the Sick and Wounded*

DEPENDABLE electric service is a vital necessity in the work of a hospital—particularly in the operating room. Texas Power & Light Company is serving two Army General Hospitals, one of which requires as much electricity as normally used by the homes and business houses of a city of 10,000 people.

This Company was ready to supply every electric service need of these great hospitals before their construction was completed.

Texas Power & Light Company has repeatedly demonstrated its ability to *deliver dependable electric service ahead of demand* to military installations and war industries. It has met all demands promptly and efficiently in the 52-county area it serves and has helped other companies and government agencies meet critical power needs for the war program in adjoining areas.

That there has been no power shortage, that electricity has not been rationed in these strenuous days of ever-mounting demand, is the result of a policy of always planning ahead of actual needs. Such planning by the Texas Power & Light Company and hundreds of other companies which have grown up under the American system of free enterprise, has made it possible for our country to become the great Arsenal of Democracy.

To win the war as quickly as possible, and to preserve the American Way of Life forever against the schemes and ambitions of all Hitlers, Hirohitos and other such dictators, we are devoting the fullest possible measure of our strength, our facilities and the skill and experience of our entire organization.

Two Cameron Boys in Marine School at University of Colorado

Boulder, Colo., Oct. 14.—Among the many young men in training at the University of Colorado as Marine officers of the future are two men from Cameron. They are:

Private Clayton S. Garner, 22, son of Mrs. H. E. Garner.

Private Garner attended the University of Texas, Austin, where he took part in intramural baseball, football, basketball and tennis. He was a member of the band and a fraternity.

Private Thomas Wayland Kidd, 20, son of O. L. Kidd.

Private Kidd attended the University of Texas, where he was a member of Phi Eta Sigma, fraternity and the Tejas Club.

These young Marines are taking regular college courses under the V-12 program, and after from one to four semesters here, they will begin actual officer training with seven weeks in "boot camp," then go to Quantico, Va., for officer candidate class, where they will win their commissions as Leatherneck Lieutenants.

While in college, the officers-to-be wear uniforms, work under Marine officers, eat at mess halls and live in barracks. They are rated as privates and receive $50 a month, plus all uniforms and meals.

A tough physical conditioning course is a part of their curriculum, and they are allowed to participate in athletics.

Dan Miles allows he's swimming right in style these days.

Dan's always made a point of finishing up whatever food was put before him. "Don't make sense to waste food jest to be stylish," he says.

Now out comes an etiquette authority who says it's wartime fashion to take only what you're going to eat—and finish it up clean—because "Food Fights for Freedom."

As Doc Mitchell says, "Most folks eat too much anyway. Man and boy, I've watched this town for years, and 75% of us dig our own graves with our teeth."

From where I sit, this new style in eating may lead to moderation, and moderation has never hurt anybody.

In fact, you find moderation and tolerance go hand in hand ... whether it's what you eat or what you think.... Or whether one man prefers a moderate glass of beer when you yourself would rather have a soda.

5TH ARMY SMASHING GERMANS ON VOLTURNO

The Allied 5th Army under General Clark is smashing the Germans along the Volturno River and has taken four key defense points since Friday to bring the end in site for a decisive victory for the United Nations forces.

The Germans were seen in a state of collapse on the front and for the first time in this war the Democracies have an advantage in numbers of men and aircraft.

The Germans though counter attacking vigorously were being defeated and thrown back as the approaches to Rome gradually are dominated by the American 5th.

The Russians are at the approaches of Gomel and Kiev. The Germans say the Red offensive has stalled and ended. The Greeks are joining the Yugoslavs in gourilla warfare against the Germans.

In Moscow the Soviet government was forestalling any effort to discuss post war problems by fixing the demand for a second front. They say this alone will be discussed. The second front has already been opened —in Washington.

President Roosevelt has finally publicly praised the great General Douglas MacArthur.

Mr. and Mrs. Ralph Chambers and son of Austin spent Sunday here with his sister and husband, Judge and Mrs. Graham Gillis. They will have for week end guests this week, Mrs. Leslie Sadler and daughter, Miss Sally of Waco.

Mrs. Cora Cammer has returned from Galveston and Houston where she visited her children for the summer, and her many friends will be glad to hear that she is much improved in health.
